Dear Members of the Greater Bristol Community:

The annual *Lights of Love* campaign is underway and this year has raised over \$8,500 for families that are struggling through a most difficult time. With the support of many, Bristol Hospital Hospice has been able to provide services to our families that are in crisis and need help.

Your contributions have allowed us to provide assistance when essential needs are affected by illness or care giving: complimentary therapies to increase comfort, social work services to all patients, bereavement support for grieving family members, as well as community education programs about end-of-life experiences.

As a Bristol resident, you have continued to support each other through good times as well as the most difficult ones. Ensuring that Hospice of Bristol Hospital remains strong is an important part of what this community expects and deserves.

Thank you so much for your contributions to the *Lights of Love* campaign and Hospice of Bristol Hospital. Please accept our appreciation for your support of a cause that is near and dear to us. Many thanks to Webster Bank that has been so generous with ongoing support of the *Lights of Love* campaign for many years; it is truly a symbol of their commitment to this community!

Once again, many thanks and happy holidays to you and your family!

Sincerely,
